

### **Summary of MWOA Laboratory Committee Meeting**

The MWOA Laboratory Committee met on Thursday, 13 May 2003 at the St. Cloud, Minnesota Waste Water Treatment Facility. Eight members were present. This meeting was the final planning meeting for the summer laboratory workshop being held in St. Paul, Minnesota on 21-22 July 2003. The summer workshop will be held at the Minnesota Department of Health Snelling Park Facility and will cover advanced QC/QA topics presented by Rick Mealy and George Bowman. A vendor exhibit will be held on Monday 21 July 2003 as part of the workshop. The next meeting of the MWOA Laboratory Committee will be 11 September 2003 at Lamb Weston in Park Rapids, Minnesota.
